## JIMMY KERNS IMPROVING

A telegram received today by Mrs. Lanther from Mrs. Simmons, the Tonopah nurse attending Jimmy Kerns, stated that the lad was improving and out of danger.

## COTTON CONSUMPTION

(By Associated Press) WASHINGTON, May 14.—The cotton consumption in April amounted to 544,559 running bales, exclusive of linters. During the nine months ending April 30, 4,994,792 bales were used. The April consumption last year was 552,244 bales and during nine months 5,061,160.

## SUFFRAGE REFLECTED

(By Associated Press) AMSTERDAM, May 14.—The Prussian lower house has rejected the equal suffrage provision of the franchise reform bill.

## AIRCRAFT DIRECTOR

(By Associated Press) WASHINGTON, May 14.—Archer Landon of Buffalo has been appointed director of the division of production by the aircraft board.

## ANNOUNCEMENT

I desire to take this means of announcing my candidacy for the democratic nomination for the office of sheriff and assessor of Nye county at the primary election to be held next fall. If elected, I promise to discharge the duties of the office to the best of my ability and to the credit of the county.

(Signed) JOHN BARRIER.

## RED CROSS PARADE SATURDAY WILL START OFF THE BIG DRIVE WEEK

Everybody loves a parade and Tonopah is to have a big one on Saturday. It is going to be a big patriotic demonstration that will start the Red Cross drive off with a flourish and bring to every one's mind what a big, fine thing the Red Cross is and how worthy it is of our fullest support.

W. T. Cuddy, the grandest grand marshal any town ever had, will head the procession on horseback and he will have several aides to assist him. Next will come the Tonopah military band and then the flags of the allied nations. The Italian flag and the Serbian flag are already here in the possession of natives of those two countries. Thanks to the kindly efforts of L. R. Robins, Lee Muehett and Harry Grier, sufficient financial backing was secured in a few minutes yesterday to warrant wiring to San Francisco for a French and English flag. So these symbols of our allies will be carried proudly by the side of Old Glory in the parade on Saturday, as a sign that all stand shoulder to shoulder in the great war against evil and misrule.

Among the many interesting features planned will be the service star division, in which will march the men and women entitled to wear the proud symbol of the blue star on a white field, that mark of love and sacrifice. All those entitled to this place of honor will please communicate with Mrs. Roy Davenport as soon as possible. This division will be headed by the Nye county service flag, upon which twenty-two new stars have just been placed.

One of the most significant divisions will be that of the Red Cross workers. Only those who work at the Red Cross are entitled to march in this company and it will be a public sorting out of the laborers and the drones, the patriotic and the slacker. If you have not earned the right to march with these noble women of the world slacker is the only one

that fits and should be applied. The women will wear the Red Cross uniform or a white dress and all will wear the regulation Red Cross cap, such as the surgical dressings workers are required to wear.

Citizens are urged to decorate their cars and enter them. Two blue ribbons will be awarded as first and second prizes for beauty and originality. This should be a very striking feature of the parade. The following have already signified their intention of entering their cars: R. J. Highland, Mrs. Hugh Brown, T. A. Frazier, Hamilton Reid, J. Wesley Stewart and Fred Brown. Those who are willing to aid in this way to make the parade a huge success will please notify the parade manager at once.

Other divisions will be the Woman's Relief Corps, G. A. R., Spanish war veterans, Boy Scouts, Girl Scouts, Junior Red Cross, small girls dressed as Red Cross nurses and a number of others.

The Serbian Young Men's society will march in full regalia as will several other lodges. All organizations having service flags will display them. The parade will start promptly at 4:30. Places of assemblage for the different divisions will be announced in Friday's Bonanza. Watch for it.

The faithful workers at the Red Cross were glad to see the last week by two very generous donations of \$100 each, one from George Wingfield and one from Jack Grant. Gifts of this kind are especially welcome as the full amount goes into the treasury of the Nye county chapter. The organization wishes to take this means of expressing its gratitude to both the above-named gentlemen and to assure them that the money will be expended to the best possible advantage for the comfort and help of our boys at the front.

Anyone having old sweaters which they will be converted into ambulance robes.

## HEADQUARTERS OF S. H. BRADY COMPANIES MOVED TO TONOPAH

All the Brady companies will have offices hereafter in the Bank building where a suite known as 501 and 502 has been engaged for headquarters purposes with Emil Elkner, auditor, in charge. The change took effect this morning with the arrival of Mr. Elkner from Reno where the offices have been situated and in a few days the furniture and appointments will be installed. Mr. Elkner is well known as formerly associated with the West End company and more recently with the Nye county council of defense. The removal was actuated by the fact that Tonopah is the most central place for transacting the business of the several companies owing to it being about midway between the two principal mines. The Kanrohat mine in Jefferson canyon is sixty-five miles north of Tonopah while Hornsilver is fifty-five miles south. The offices will represent the business of S. H. Brady, S. H. Brady Company, Silvermines corporation of which S. H. Brady is receiver, Southwestern Mines, Great Western Mining and Milling company and Garfield Copper company.

"The mill has been running six weeks and we are now treating between fifty-five and sixty tons a day of a single shift," remarked Mr. Brady last night in discussing the operations of the Kanrohat property at Jefferson canyon. "We are putting in another set of rolls 10x30 inches

which, with new concentrating tables, will give a crushing capacity of 100 tons in the way with one shift. The mill is equipped with a No. 4 gyratory crusher, one set of rolls, a 5x15 tube for a concentrating plant based on treating a silver sulphide regraded down to 12. This mill will be treating seventy-five to eighty tons before the first of June. The ore going through the mill is all taken out in the course of development, working by means of raises to connect the several tunnel levels. Above the No. 4 tunnel there are 750 feet of backs on the vein with an average width of six feet. One shoot above No. 3 tunnel is 300 feet long which we are blocking out with raises. One raise is up over 200 feet and still going. Two shoots of ore have been opened from No. 4, one being eighty feet and the other fifty feet, carrying an average value of about \$20. The mill building is large enough to accommodate a 300-ton plant. The present mill will eventually increase with another tube mill and concentrating table, giving us a capacity of 150 tons daily. Next month we expect to begin shipping concentrates at the rate of \$20,000 a month. From No. 4 tunnel we are drifting both east and west on the vein and are keeping going with the thought of developing the mine by proving up the extent of the known ore bodies."

## CHANGE DRAFT BASIS TO MEN IN CLASS 1

(By Associated Press) WASHINGTON, May 14.—The bill changing the basis of the draft quotas from state population to the number of men in class 1 was signed late yesterday by Vice-President Marshall and Speaker Clark and sent to President Wilson for his approval. This measure has been before congress for several months. It will be put into effect as soon as signed by the president as plans are ready for making the May draft, already ordered, one of the new basis.

## SOCIALISTS BARRED

(By Associated Press) CHICAGO, May 14.—Socialists and all organizations of anti-governmental complexion are barred from the use of public school buildings for public meetings.

## DIVORCE GRANTED

(By Associated Press) SAN DIEGO, May 14.—Mrs. Francis Burton Harrison, wife of the governor-general of the Philippines, was granted an interlocutory decree of divorce on the charge of desertion today.

## HASBROUCK ASSAYS NOW SHOW \$3 ROCK

The Hasbrouck Mining company is improving so rapidly that George Kernick says he would not be surprised to hear that the big ledge has been entered any day. Values in the long crosscut tunnel which is out 1000 feet from the portal began showing three weeks ago when assays were taken with values at the negligible rate of 50 cents a ton. Since that time the improvement has been quite marked and now the assays sheets disclose that the company is passing through a formation carrying values of \$3 per ton. The tunnel was turned into a crosscut about 400 feet from the entrance in order to cut the vein which runs east and west.

## STUDENTS CUT OUT THE JUNIOR PROM

The junior class of the Tonopah high school have voted unanimously to dispense with the annual junior prom this year. The members felt that it is patriotic duty to deprive themselves of the pleasure this annual event has always given in order to relieve the community of the expense of another non-essential. They have determined upon other means of entertaining the graduating class and are busily making their preparations for the event. Earlier in the year the student body voted to dispense with the publication of the high school annual this year for the same worthy purpose of saving expense to the business and professional people who have supported these activities generously in the past. The school has asked nothing from the public in the way of contributions during the entire year but does ask the patronage of the public for the annual play to be given on Thursday, May 23, at the Butler theater. They expect to give the worth of the money.

## ONLY SEDAN DODGE CAR

The only sedan Dodge car breezing around is owned by Gulsevere Bertrand, assistant postmaster, who received it Saturday through the Tonopah Auto Sales company, sole agents for the Dodge and Ford cars. The car has evoked many favorable comments.

## H. A. MCKIM LOSES BROTHER

H. A. McKim received a wire this morning announcing the death of his brother, W. J. McKim, at Sydenham, Ontario, aged 72 years. Deceased was born, lived and died in Sydenham, where he and his parents were engaged in farming, which was followed until the pressure of years compelled him to retire from active occupation. The deceased was a bachelor and leaves three brothers, one in Calgary, one in California and one in Tonopah, besides three sisters.

## HIGH SCHOOL ADDRESS

The address for the present week in the high school assembly will be given on Thursday morning at 9 o'clock by Dr. C. H. Church. For the remainder of the term but one address will be given each week and on such day as may be most convenient for the speaker of the week, due notice being given.

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emile Merman at Robert's Grocery store. advM13tf

## CHANGES IN LEGATION

(By Associated Press) AMSTERDAM, May 14.—In order to accommodate its largely increased staff the American legation offices at The Hague have moved into a former palace of one of the princes of Orange. It has latterly been occupied by the Russian legation which vacated as a result of the Bolshevik regime.

## AMUSEMENTS

## THRILLING DRAMA AT THE BUTLER

Gladys Brockwell has few equals among photoplayers as a portrayal of emotional roles, and in "The Devil's Wheel," the Wm. Fox photodrama, which will be the attraction at the Butler this evening, she appears at her best. As the beautiful young French noblewoman, whose force of circumstances places her among the wild denizens of the Paris underworld, her acting thrills. As a sharer of her father in a successful system for winning at roulette, the young French girl is spirited away to an Apache den in the Mont Marie. During the struggle which takes place at the time of her abduction, she is struck on the head with a resulting loss of memory. She forgets all her past, becomes a leader among the criminals, through her ability to win at gambling, and falls in love with the head of the gangsters. Accidentally coming in contact with a man who had killed her father, she instinctively kills him, is seized by the police and an operation restores her memory and places her in her former life. But she is unhappy until she realizes that life is nothing without her sweetheart of the underworld, and is not satisfied until the two are united. In addition to the feature, a Pathe single reel will be shown which is something new. Preceding the regular program a special Red Cross drama will be presented. Tomorrow the big picture, Theda Bara in "Camille," one of the greatest pictures of the year.

## EAGLES RED CROSS DANCE

The Eagles and their friends are working hard to make the big dance on Wednesday evening a rousing affair, and there isn't a doubt in the world that it will be. The proceeds go to buy knitting machines for the Red Cross. The only question is, how many machines will the Eagles buy? That depends on the support given by the public. So do your share in helping send warm, dry socks to our soldiers.

## REMOVAL NOTICE
